

# Operator

Keaton Henson

I wrote it down in secret  
Hoping you would read it  
And find out just how hopeless I can be  
I'm done reasoning with killers  
Dragging every river  
Looking for the corpse of who I want to be

I know  
But please don't go I need someone to see me

Operator  
I can wait  
N I don't care if  
I get through

Am I dying  
Is this fine or  
Am I only  
22

I don't wanna make do  
I don't wanna hate you  
But I do

I don't know how to feel it  
Without someone seeing  
And God knows I got all the eyes I need  
I'm more than just a frightened  
Dinosaur at night and  
Cowering behind a holy murder scene

I know  
I'm alone but see  
I ain't bleeding (anymore)

Operator  
I can wait  
I don't care if  
I get through

Don't believe me  
I been leaving  
Since the day I  
Noticed you

I don't wanna make do  
I don't wanna hate you  
But I do

Operator  
I can wait  
I don't care if  
I get through

Don't believe me  
I been leaving  
Since the day I

Noticed you

I don't wanna make do  
I don't wanna hate you  
But I do
