

Better Than Ever

Keb' Mo'

I woke up early this morning
Trouble on my mind
It seemed to hit without a warning
Took me by surprise
I'm feeling like my hope was gone
My baby asked me what was wrong

I said my life with you is better than ever
It's a dream come true
Whenever we're together
My life with you is better than ever, it's true
I'm so in love with you

They busted up on the union
Tryin' to cut out the fat
Lost my job down at the station
My train fell off the track
They did me dirty indeed
Baby, you're all I need

Because my life with you is better than ever
It's a dream come true
Whenever we're together
My life with you is better than ever, it's true
I'm so in love with you

You saved me from myself
I don't want, I don't need nobody else

I don't need no medication
Long as I got you
In any kind of situation
Ca c'est merci beaucoup
When it's down to the line
I'm so glad you're mine
Oh, so glad you're mine

'Cause my life with you is better than ever
Better than ever
It's a dream come true whenever we're together
My life with you is better than ever, it's true
I'm so in love with you
Oh, ooh

I said my life with you is better than ever
It's a dream come true whenever we're together
Whenever, together
My life with you is better than ever, it's true
I'm so in love with you

Because my life with you is better than ever
It's a dream come true whenever we're together
My life with you is better than ever, it's true
I'm so in love with you
So in love with you

Woo!

Parce que tous les jours
Tous les jours ce n'est pas les mêmes choses
C'est très bien, c'est très bien
Très, très, très, très, très, très bien
Ça c'est bon
Tous les jours ce n'est pas les mêmes choses
Bien sûr
Formidable
C'est magnifique
C'est formidable
C'est magnifique
C'est formidable
