

## Do It Right

Keb' Mo'

Well, I thought I would never find a love that as strong enough  
Even if I did it would just be a stroke of luck  
I was slippin' and slidin' barely getting by and  
Never givin' everything  
But when I saw you I found perfection and a new direction

This time we gonna  
Do it right  
Taking it slow and steady  
Do it right  
Now I'm ready

Well, I used to think that love was a dangerous place  
That would lure you in and trap you with a pretty face  
She'd be out to hurt me use me and desert me  
And take away everything  
You made me want to love and respect you, protect you

This time, we gonna  
Do it right  
Take it slow and steady  
Do it right  
Now I'm ready

Like a needle in a haystack love's hard to find  
You're one in a million

This time, we gonna  
Now I'm ready  
Do it right  
Take it slow and steady  
Do it right

When I saw you I found perfection and a new direction

This time, we gonna  
Do it right  
Take it slow and steady  
Do it right  
Now I'm ready
