

Like Love

Keb' Mo'

How do you know when you're fallin'?
How do you know if it's true?
How do you hear it callin'?
And if she is the right one for you, well it

Looks like love
Talks like love
Walks like love
And you want it, you want it 'cause it
Feels like love
Hurts like love
Heals like love
And you want it, you want it, oh yeah
Oh yeah

What do you do if you're feelin'
Feelin' like you're not so sure
If you're ever gonna find that someone
With a heart that is strong and pure?

It's hard to know if someone
Is just puttin' on a show
But when you finally find the real thing
You're just gonna know, 'cause it

Looks like love
Talks like love
Walks like love
And you want it, you want it when it
Feels like love
Hurts like love
Heals like love
And you want it, you want it, oh yeah
Oh yeah

Ain't no rush, take your time
It'll be alright, you'll be fine, it's gonna

Look like love
Talk like love
Walk like love
And you want it, you want it when it
Feels like love
Hurts like love
Heals like love
And you want it, you want it oh yeah
Oh yeah

It's gonna
Look like love
Talk like love
Walk like love
You want it
You want it
And it's gonna
Feel like love
Hurt like love

Heal like love
