

## Marvelous To Me

Keb' Mo'

It's a cloudy day, no sunshine  
It's cold, gloomy and gray  
Oh I have felt much better  
And I've had my ups and downs along the way

But when I look back, I just laugh  
And all my troubles just melt into the sea  
My vision is clear, in the aftermath  
And the future, looks marvelous to me

It's a crazy world, a crazy time  
Maybe this is the way it was meant to be  
I got a hopeful heart, got my head up high  
And the future, looks marvelous to me

There's a deeper conversation  
Going on in every nation  
Joy & jubilation and a way to change the world

For a better situation  
Equal rights and education  
There's a greater world a waiting  
Way beyond your expectations  
And freedom for all

It's a cloudy day, no sunshine  
It's cold, gloomy and gray  
Oh I have felt much better  
And I've had my ups and downs  
I've been knocked down to the ground  
But I'm still standin'

If Martin Luther was here today  
Tell me what would he have to say  
I still have a dream  
And the future looks marvelous to me

And the future  
Looks marvelous to me
