

Moonlight, Mistletoe & You

Keb' Mo'

Merry Christmas, happy New Year
Tell me what you'd like to do dear
Hang the stockings on the mantel
Won't you let me be your Santa

Please be waiting under the Christmas tree
Softly smiling all wrapped up for me
It's been a while and I'm long overdue
For some moonlight, mistletoe and you

We can carol by the fire
Do whatever we desire
I've been hoping, I've been wishing
That I'm your Rudolph and you're my vixen

I will hold you, kiss you and never let you go
Will you be my angel in the snow
It's been a while and I'm long overdue
For some moonlight, mistletoe and you

He's making his list and checking it twice
And if you will be naughty I'll be nice
It's been a while and I'm long overdue
For some moonlight, mistletoe and you

It's been a while and I'm long overdue
For some moonlight, mistletoe and you
