Keb' Mo'

Knock knock  
Who is it?  
This is the landlord  
I'm here you can get in  
You what?  
Did he in right?  
Come here tomorrow and I need one more night!  
Time's hauling  
This night is slow  
Flan roll (flan roll, flan roll, flan roll)  
Nowhere to go

It's time to move (move move move)  
We got to move (move move move)  
Get on your feet, let's move (move move move)  
Soon up we got to move (move move move)

Your boyfriend was out all night  
Rock 'n roll till the morning light  
Lippies gone with color, beer on the bed  
Cheeps in the house is scared to death  
You've taken all about all you can stand  
Now it'll be the right time to leave that man

You got to move (move move move)  
It's time to move (move move move)  
Go get yourself smarten and just move (move move move)  
Soon up you got to move (move move move)  
It's a crazy world  
It's a short life (short life, short life, short life)  
So jump on me  
When the time is right  
You got to move

Let's go and it's close to taxi  
All you ladies, you looking fine  
No more whiskey, no more beer  
You or can go home or you can stay here  
Here's the truth  
It might sound funny  
I hope your have a good time  
Every lady get out of your muddy

You got to move (move move move)  
It's time to move (move move move)  
Soon up you got to move (move move move)  
That's right, you got to move (move move move)  
You got to move (move move move)  
Get on your feet, just move (move move move)  
Soon up you got to move (move move move)  
...
