

Die Fighting

Keel

Life is a gamble
so make your move
Get ready when it's a lot at stake
There's so much to lose, no
Meet your maker
Pay your dues

I'm rocking hard just to stay alive
When times are hard
the tough survive
Or Die Fighting

Aw, maybe life is a fool's game
But I wanna win
I'll be walkin' that fine line
Between justice and sin
I know they'll never bend
I'm gonna stand up and fight
Until the bitter end

(Chorus)

Sometimes the road's like a prison
And there ain't no key
Cuz always the endless highway
is calling for me
This ain't no give and take - oh no
And what will be will be
But me, I'm a rock
I've got to roll to be free
