

Halfway There

Keenan Te

We've known each other since we were little kids
There isn't anyone that knows quite me like this
But lately I've been feeling some way bout you and me
Is this all we'll be?

It's a funny situation
I don't wanna overcomplicate it
Don't wanna lose you in this moment
But it's a chance that I'm willing to take

I don't know where this thing will go
Falling fast but we can take it slow
I'm scared to tell you the words I know that I wanna say to you
'Cause I'm not ready
I wanna let go but my heart won't let me
And I feel like I'm out here on my own
So can you meet me halfway there?
Halfway there

We stay up late and talk 'bout nothing in my car
And every hour of the day I know where you are
There isn't anything that I wouldn't do for you
Is it the same for you?

'Cause it's a funny situation
I don't wanna overcomplicate it
Don't wanna lose you in this moment
But it's a chance that I'm willing to take

'Cause I don't know where this thing will go
Falling fast but we can take it slow
I'm scared to tell you the words I know that I wanna say to you
'Cause I'm not ready
I wanna let go but my heart won't let me
I feel like I'm out here on my own
So can you meet me halfway there?
Halfway there
Meet me halfway there
Halfway there

We've known each other since we were little kids
I loved you then and I won't stop 'til we're 86
