

## Antisummerluv

Kehlani

I don't need no summertime love  
I'm not looking for someone to pass the season  
I don't need just anyone  
But you intrigue me for some reason  
You seem oh-so real  
And I don't want to taste if I can't have it  
I could show you how I feel  
But I don't need to pick up a new habit

After June on through July  
Then you go back to wherever you came from  
Don't want to wipe no tears from my eyes  
I mean why, when I could just save them?  
Cause I swear that I am anti summer love

After the summer everything just gets weird (so weird)  
We'll grow apart and begin to stop talking  
I'll never forget those nights at the pier  
Oh the first time our lips got to locking  
And I don't want a love  
That is only temporary  
I can love with all my heart  
But I can't let it get that heavy
