

Around

Kehlani

Two hands to the sky
Two feet on the ground
I'm just bein' present, babe
That's all I'm about
Call me your new friend
I like how that sounds
And there's no agenda, girl
That's just what I found

And I don't mind
Everyone around you in your orbit must be ridiculous
So it's alright
Ain't no pressure, I'm not pressin' on you
I won't mention us

What if I'm just, I'm just around?
What if I'm just, I'm just around?
What if I'm just (Just), I'm just around?
What if I'm just (Just), I'm just around?
To be around (Be around, be, yeah)
I'm just around (Around, around)
I'm just around (Around, around)
I'm just around
To be around
To be around

And I don't want you to take me serious
'Cause I don't know what that means to ya
But if you keep me in mind (Oh)
Know you used to thinkin' love is dangerous
Used to people being mysterious
Ain't on that time
I just wanna be sweet to you bad
Make you calm, make you laugh
You deserve things like that
I just wanna show you I'm pure
Through all I've endured
Even if I'm not yours

So I don't mind
Everyone around you in your orbit is so ridiculous (Ridiculous, ridiculous)
So that's alright
Ain't no pressure, I ain't' pressin' on you
I'll never mention us (Yeah, yeah)

What if I'm just, I'm just around?
What if I'm just, I'm just around?
What if I'm just (Just), I'm just around? ('Round)
What if I'm just (Just), I'm just around?
To be around
I'm just around (Around)
I'm just around (Around, around)
I'm just around
To be around
To be around

Oh, yeah

To be, to be, to be around
To be around, yeah
