Kehlani

Judging by the way you keep on hurtin' me, I think you need to heal
It's hard for you to say it to my face, I soften up and let you feel
How deep are we involved?
The feeling gets lost
I'm gathering the pieces, I'm wherever the peace is

How many times do we get to live this life?
Only one, only one, only one
How many times do we get to live this night?
Only one
I just wanna take your name and tat my face
You probably think that I'd do this for anybody, yeah
You can say, "I do," or don't

I don't need to sign no papers, NDAs
Just two gold rings and bootleg Elvis and my baby, no
You can say, "I do," or don't
Just meet me in the city where the neon lights sing
I'll be waitin' for you somewhere at the chapel
Takin' forever and a day just to waste time

Judging by the way you keep on hurtin' me, I think you need to heal
It's hard for you to say it to my face, I soften up and let you feel
How deep are we involved?
The feeling gets lost
I'm gathering the pieces, I'm wherever the peace is

The truth is chilling, goosebumps I'm gettin'
One point her mama asked us why her world is spinnin'
No Tony Montana, it's all yours
Must really be yours by how you shine in it
We ain't gettin' younger, let's do somethin' new
And our time is borrowed, give me somethin' blue
A Cinderella story if you fit the shoe
You swept me off my feet tonight we jump the broom, uh

And I don't need to sign no papers, NDAs
Just two gold rings and bootleg Elvis and my baby, no
You can say, "I do," or don't
Just meet me (Just meet me)

Judging by the way you keep on hurtin' me, I think you need to heal (Oh-oh, oh)
It's hard for you to say it to my face, I soften up and let you feel
(Feel)
How deep are we involved?
The feeling gets lost
I'm gathering the pieces (Pieces), I'm wherever the peace is (Oh-oh)

Just love me

Just meet me
