

Get Like

Kehlani

The only person in the whole world
Ever?
Ever

I don't like when I catch them out the corner of their, of their eyes
Look all hypnotized
I don't mind when I catch you stare me all the way down in my thighs
Makes me realize

That I'm shy and just a little awkward
But you bring it out of me, out of me
'Cause...

You're the only one that I get like
You're the only one that I get like
Get like this for
You're the only one that I get like
You're the only one that I get like
Get like this for
Ain't nobody else make me feel like
You're the only one that I feel like
Feel like this for
You're the only one that I get like
You're the only one that I get like
Get like this for

I confess, after we get down we always leave a mess
Don't wanna get dressed
We get loud, don't think anyone can make me make a sound
Know that make you proud

'Cause I'm shy and just a little awkward
But you bring it out of me, out of me
'Cause...

You're the only one that I get like
You're the only one that I get like
Get like this for
You're the only one that I get like
You're the only one that I get like
Get like this for
Ain't nobody else make me feel like
You're the only one that I feel like
Feel like this for
You're the only one that I get like
You're the only one that I get like
Get like this for

All you, all yours, it's yours, it's yours (It's yours)
All you, all yours, I'm sure, it's yours (It's yours)
All you, all yours, it's yours, it's yours (It's yours)
All you, all yours, I'm sure, it's yours (It's yours)

You're the only one that I get like
You're the only one that I get like
Get like this for
You're the only one that I get like

You're the only one that I get like
Get like this for
Ain't nobody else make me feel like
You're the only one that I feel like
Feel like this for
You're the only one that I get like
You're the only one that I get like
Get like this for
