

# Out The Window

Kehlani

Damn, who knew the silent treatment'd be so fucking loud?  
I feel the tension even though you're not around  
One night of mistakes erased all the days I spent building up with you  
Damn, give anything for you to pick up when I call  
So hard to reach, it's like I'm talking to a wall  
And I know I'm to blame  
I played in your face, it's too little, too late

But, baby, I want you  
I'm focused, it's overdue  
Don't throw it out the window (Don't throw it out)  
Out the window  
The late nights, the half truths  
I was reckless, let me prove to you  
I'll throw 'em out the window (Don't throw it out)  
Out the window

I know I fell too short of what you needed  
And my apologies, you won't receive them, no  
Ever since you left, I ain't been sleeping  
'Cause I've been in my feelings, oh  
Even my mama been asking me 'bout you  
I heard your mama been asking about me too  
But I know I'm to blame  
I played in your face, too little, too late

(But, baby, I want you) Baby, I want you  
I'm focused, it's overdue (Baby, I'm focused)  
Don't throw it out the window (Don't throw it out)  
Out the window  
The late nights, the half truths  
Late nights, half truths  
I was reckless, let me prove to you (I was reckless)  
I'll throw 'em out the window (I'll throw 'em out the window, baby, baby)  
Out the window

I know that trust was the only thing that held us up (Sorry, sorry, yeah, ye ah)  
Now I'ma need me something a little stronger than love (To get you, get you, get you back)  
(I wasted time) I admit that, I regret that  
I promised that I'd put that on my life, oh, oh (I bet that, I really bet that)  
All I need is one more chance

Baby, I want you (Baby, I want you)  
I'm focused, it's overdue (I'm focused)  
Don't throw it out the window (Don't throw it out the window, baby, baby)  
Out the window  
The late nights, the half truths  
I was reckless, let me prove to you  
I'll throw 'em out the window (Baby, don't throw it out)  
Out the window

Baby, I want you (Baby, I want you)  
I'm focused, it's overdue  
Don't throw it out the window (Don't throw it out the window, baby, baby, ba

by, baby)  
Out the window  
The late nights, the half truths (Till I can't sing no more)  
I was reckless, let me prove to you  
I'll throw 'em out the window (Throw it out the window, baby, baby, baby, ba  
by)  
Out the window
