

Slow Dance

Kehlani

Slow down, slow dance
Control my hands
I want to dance the night away with you, my love
Let's take a chance
Could be romance
Just let me dance the night away with you, my love

Tonight, oh, baby
You can get my love tonight, oh, baby
Give you what I feel inside, oh, baby
Wanna slow dance tonight (Oh, baby)

I want you open like a flower in the sun
And Heaven knows what I like and, baby, you're the one
Didn't you say you wanna let me cross the line?
You're the one I wanna be with tonight, oh, baby

Slow down, slow dance
Control my hands
I want to dance the night away with you, my love
Let's take a chance
Could be romance
Just let me dance the night away with you, my love

Tonight, oh, baby
You can get my love tonight, oh, baby
Give you what I feel inside, oh, baby
Wanna slow dance tonight (Oh, baby)

My favorite part of the day is when we wake and you say you wanna make love
All the sexy little ways you put my hands in the places you never let another go
I got the sights on you, baby
Girl, you wetter than the lakes, rivers, oceans
Can we put on a little K?
Move them SKIMS up out the way
Put that ass up on me, babe
It's the perfect location
The angle is amazing
I see it on your face, girl
Try to get air
And you know I love cake
So I came for a plate
I ain't comin' home late
Tryna fuck my soulmate tonight

Slow down, slow dance ('Cause you're my baby)
Control my hands (And you're losin' control tonight)
I want to dance the night away with you, my love
Let's take a chance (Can we take a little chance tonight?)
Could be romance (Baby, you could have whatever you like)
Just let me (Just let me) dance the night away with you, my love

Tonight, oh, baby
You can get my love tonight, oh, baby (Oh)
Give you what I feel inside, oh, baby
Wanna slow dance tonight (Oh, baby)
