Sucia

Kehlani

I'm nasty
'Cause I said her proper name
And precisely what she does?
Then, I'm nasty then
I'm baptized in your taste
You look me in the face
When you touch me, we feel so
Amazing and extra particular
We cosplay our characters
Ecstasies, savages for you
I'm still comin'
Oh

Mrs. Corazón
I'll take you by the hand when you're alone
And we can go to town
I, I, I, I, Mrs. Corazón
I'll charge you by the dime and by the dome
And we can go to town
But if you stick around, uh

Come with me, come with me
Come with me, come with me (You're so fuckin' nasty)

Came across an oasis in the Mojave
Follow any instructions of your body
I bottle that shit up, pour it and sip (Bottle, bottle, bottle, bottle, bott
le, bottle)
Girl, you should taste the water from your well (Bottle, bottle, bottle, bot
tle, bottle)
You ain't gotta tell me what you like, she say it for you
I just wanna fuck you 'til you cry, vintage Dior you
I need you to hold it 'til you can't, I'll reward you
(I can't, no, I can't, I can't, I can't, I can't, I can't)

So, come with me, come with me
Come with me, come with me

Cuida'o si me pide' duro, que voy y te enchulo
Ahora no me suelta', baby, raro que no te haga un baby
Si quito el seguro, vuelve' de seguro
Ay, sí, tocándote así, yo muero ahí
Mami, que Dios nos perdone, pero si ven las conversacione', bueno
Tal ve' no entienden, pichea a la gente y vamo' a empezar de cero
La muerdo y le dejo un tattoo, pregunto si le gusta ahí, mmm
Yo sé, baby, yo sé, la que se puso a probar fuiste tú

Come with me, come with me (Sabe' que te gusta, se siente cabrón, yeah, yeah
, oh)
Come with me, come with me (Por ley que le caigo si estás home alone)
Come with me, come with me (Ahí mismo, oh, en 4K frente a la cámara, te muev
o por toda la recámara, los recibo' están en las sábana')
Come with me, come with me (Se prende más con la luz apagá')

Come with me, come with me (Yeah, yeah, oh)
Come with me, come with me (You're so fuckin' nasty, baby)
Come with me, come with me (Oh, oh-oh-oh)

Come with me, come with me
