

Bed With The Wolf

KEiINO

I'm in bed with the wolf
I'm in, I'm in bed with the wolf, now
I'm in bed with the wolf
I'm in, I'm in bed with the wolf
I'm in bed with the wolf
I'm in, I'm in bed with the wolf, now
I'm in bed with the wolf
I'm in, I'm in bed with the wolf, now

Look to my left
I see a total stranger
How things have changed
Why do I play with fire?
Met in the woods
Told me it was his first rave
And that we should
Go back to his together

I'm in bed with the wolf
I'm in, I'm in bed with the wolf, now
I'm in bed with the wolf
I'm in, I'm in bed with the wolf, now

I gotta leave, now
I cannot be here, gotta pull the breaks
In the bed, in the bed, now, uh
In the bed, in the bed, now
Don't wanna leave, 'cause
My body didn't come here by mistake
In the bed, in the bed, now, uh
In the bed, and it feels good

I'm in bed with the wolf
I'm in, I'm in bed with the wolf, now

It's time to go
Sunrise, we lie here KO'd
Back to a life
Where I don't play with fire
I'm getting numb
Try to avoid to look back
Into his eyes
That brought me to my knees

I'm in bed with the wolf
I'm in, I'm in bed with the wolf, now
I'm in bed with the wolf
I'm in, I'm in bed with the wolf, now

I gotta leave, now
I cannot be here, gotta pull the breaks
In the bed, in the bed, now, uh
In the bed, in the bed, now
Don't wanna leave, 'cause
My body didn't come here by mistake
In the bed, in the bed, now, uh
In the bed, and it feels good

I'm in bed with the wolf
I'm in, I'm in bed with the wolf, now
I'm in bed with the wolf
I'm in, I'm in bed with the wolf, now
I'm in bed with the wolf
I'm in, I'm in bed with the wolf, now
I'm in bed with the wolf
I'm in, I'm in bed with the wolf, now

Don't wanna leave, now
'Cause all I ever wanted is right here
In the bed, in the bed, now, uh
In the bed, in the bed, now
Don't wanna leave, 'cause
My body didn't come here by mistake
In the bed, in the bed, now, uh
In the bed, and it feels good

I'm in bed with the wolf
I'm in, I'm in bed with the wolf, now
