

Darkest Hour

Keisya Levronka

I know the second that you call me
Saying you need to be alone tonight
I know you're deep down and you're crawling
Not going anywhere, so why you trying

To push me away, you're stupid to think that I would leave ya
(You know I could never leave ya)
If I could get in your head, I would make you see the way I see
ya
(Make you see the way I see ya)

Hand on my heart, I'd die for you
Nobody can love you in the way I do
And when you hurt, I'm hurting too
In your darkest hour, I'll be there for you

I'd die for you
I never leave ya
I'm hurting too
In your darkest hour, I'll be there for you

Saat semua kau rasa sirna
Ku kan ada untukmu tanpa ragu
Tak perlu kau tanya mengapa
Takdir tlah memilihku untukmu

Kau salah bila berpikir kita akan berpisah
(You know I could never leave ya)
Bayangkan jika kau dapat rasakan apa yang ku rasa
(You know I could never leave ya)

Hand on my heart, I'd die for you
Nobody can love you in the way I do
And when you hurt, I'm hurting too
In your darkest hour, I'll be there for you

I'd die for you
I never leave ya
I'm hurting too
In your darkest hour, I'll be there for you
I'll be there for you
