

Fantastic

Keith Green

Well I could tell you she's tremendous
Just what I'm looking for
Tell you she's stupendous
And even say much more

But when you get down to it
One word will do it
Fantastic
Fantastic

Well I could tell you she's terrific
She really digs the scene
But just to be specific
I'll tell you what I mean

But when you get down to it
One word will do it
Fantastic
Fantastic

Well I could write a dozen books
Just about the way she looks
And if I had one word to choose
You know what word I'd use

Well I could tell you she's so groovy
She really turns me on
And if you'd listen to me

I'd read the whole day long

But when you get down to it
One word will do it
Fantastic
Fantastic

Well I could write a dozen books
Just about the way she looks
And if I had one word to choose
You know what word I'd use
Ooooooh

Well I could tell you she's so groovy
She really turns me on
And if you'd listen to me
I'd read the whole day long

But when you get down to it
One word will do it
Fantastic
Fantastic

Oh fantastic
Yeah yeah fantastic
You're so fantastic yeah
Well I love ya girl
You're so fantastic

Yeah yeah you make it
