

Ride Wit Us

Keith Murray

Ride with me, yeah yeah, ride with me
Roll down your windows and ride with me ride with us, yeah
Bitch ride with us, yeah, ride with us
Roll up your windows and ride with us

Lets smoke this Oakland indoe
Don't roll down the window start the car we ain't going too far
You know that big bootied girl you always fuckin' with
She got a sister I really wanna get

Some Georgia girls from college park
You already fucked when we get that started off
Park in the driveway, it wont take long
Do it like that it goes on and on

You know this the kind of shit I know you want
E made the beat let me show you somethin'
Quite a few haters want to see us played out
But we got the formula to get payed now

You can't stand in the way of success
We got the same job but you make much less
I remember how it used to be, before we had crack
If you had a few hundred in your pocket that was fat

If you feel like smokin' then ride with us
Hop the train with no token bitch ride with us
And if you don't give a fuck then ride with us
Roll down your windows and ride with us

And if you got five on it then ride with us
And if you ain't fake niggas then ride with us
And if your crew pull triggas then ride with us
Roll up your windows and ride with us

Aiyyo, I lick two shots thats heard all around the world
Check how a forty and a blunt can take a nigga girl
Like E.F. huntin', don't say nothin', I'm hauntin'
On the microphone it's the eve of destruction

As the world goes around like passion
You get flattened in an orderly fashion
You was warned like a comin' attraction
I got playa hated, felt liberated

Put him on the burner 'cause the nigga violated
We scamper like guard dogs through the fog
If you feel like you wanna hop, leap like a frog
The sergeant general get busy chief
The fastest way to spell rhyme relief is Keith

I leave you assed out like a cocaine drought
Hey yo can I get a witness like Andre Krouch
Niggas need to stop frontin', bitches need to stop stuntin'
'Cause they know fuck well they can't stop my production

If you feel like smokin' then ride with us

Hop the train with no token then ride with us
And if you don't give a fuck then ride with us
Roll down your windows and ride with us

And if you got five on it then ride with us
And if you ain't fake niggas then ride with us
And if your crew pull triggas then ride with us
Roll up your windows and ride with us

Aiyyo, I got the forty acres without the fuckin' mule
Doc Ike Turner givin' mics audio abuse
I smack a big mouth bitch, and her babysitter
And her lesbian friend, and that nigga with her

I don't give a fuck, I smack blood out a midget
My tactics make evil D say come on kick it
A black five with rims, what you can spot me in
Wanna die I snatch you like doc Kevokian

So turn the beat up while narcs got me on sweep up
Im lucky I usually tote more gunz than Peter
I fuck you up to where your forehead will cut meat up
You wanna box, I square more than Matt Asenerina

Backstabbing bitches and niggas eat a dick
'Cause you never heard the doc do nothin' like this
Backstabbin' bitches and niggas eat a dick
'Cause you never heard the doc do nothin' like this

If you feel like smokin' then ride with us
Hop the train with no token bitch ride with us
And if you don't give a fuck then ride with us
Roll down your windows and ride with us

And if you got five on it then ride with us
And if you ain't fake niggas then ride with us
And if your crew pull triggas then ride with us
Roll up your windows and ride with us

Come on ride with is us, ride with us
Come on ride with is us, ride with us
Come on ride with is us, ride with us
