

# Illusion

Keith Richards

It's an illusion in my blood  
But it's not the one you're thinking of  
Illusion, in my heart  
Doesn't mean we have to part babe  
Just an illusion that's for sure  
Nothing that you've seen before  
Baby, an illusion  
But not the one you're looking for

Between you and me  
Yes, between (Between you and me)  
You and me  
Between you and me

What's this illusion in your eyes?  
We see each other different ways  
A solution, babe  
But it's not the one you're thinking of, babe  
Such an intrusion in my soul  
But I never said I'd let you go  
This illusion is haunting me  
But it ain't the one you're looking for, babe

Between you and me  
Oh what's the difference? (Between you and me)  
Oh what's the difference? (Between you and me)

No conclusion babe  
So you say  
I'm not the one you're thinking of, babe  
A confusion to my heart  
It nearly tore us apart  
She's an illusion babe  
But not the one you're looking for, babe  
Between you and me  
What's the difference between you and me?  
Something that deeply set you free  
It's an illusion  
Yeah that's the difference honey  
Between you and me. That's the difference  
What's the difference between you and me?  
To my blood  
But not the one you're thinking of  
It's an illusion in my heart
