

Cloud 9

Keith Sweat

Hey, oh...
Come on
Hey, mmm...
Um, yeah
See

Hey there love, sexy love
You got my attention
Everything about you got me in love
So in love
I can't describe my expressions
I feel like a young boy, first time in love
And it feels so amazin'
That my heart is racin'
Poundin' through my chest I must confess
I feel love
Now that you're my baby
It feels amazin'
Ooh-ooh, girl

(Must be love, must be love)
Oh oh must be love
(To have my heart feel like I'm on cloud, cloud 9)
Oh baby yeah
Must be love
(Must be love, I feel like I'm floating so high, feels like cloud 9)
Yeah, yeah

Unveil my love
What I'm about to do to you tonight is satisfyin' girl
No denyin' girl
I'm in it so deep
Your love is so sweat
Baby, whatcha gon' do now, I ain't through now
You got the kind of love that makes a man go crazy
And I'm so glad, so glad that you're my lady
Oh girl, come on baby give me all you've got
I don't ever want the love to ever stop
Baby yeah, yeah, yeah, yeah, yeah, yeah

(Must be love)
Must be love
(To have my heart feel like I'm on cloud, cloud 9)
Oh, oh girl yeah
(Cloud 9)
Baby, baby, baby cloud 9
(Must be love, I feel like I'm floating so high, feels like cloud 9)
Yeah

This is the way it feels when you're lovin' somebody, baby
And they lovin' you right back
This is the way it feels when you're kissin' on somebody baby
And they kissin' you right back, yeah yeah
Now move it real slow, real slow, baby
We don't have to rush a thing, baby
This how it is, this is how it is
When you, when you know you love somebody

And they loves you right back, yeah yeah

(Must be love)

Oh oh must be love

(To have my heart feel like I'm on cloud, cloud 9)

Feel like I'm on it baby

Got to be, yeah, yeah, yeah, yeah, yeah

(Must be love, got me like I'm floating so high, feels like cloud 9)

Nothin' but your love baby

Got me like this girl

Wo-wo-wo-wo baby

(Must be love)

Oh oh must be love

(To have my heart feel like I'm on cloud, cloud 9)

Feel like I'm on cloud 9

Don't ever wanna come down, no, no, no

Gotta be love
