

Forever & Ever

Keith Sweat

Baby, since the first day I met you, you've been my everything
I'm gonna love you forever and ever and ever

(Yo OG, let's do it for the lovers like you always do, man)
Sho nuff, yeah baby, (Roi Chip)
Do it just for love now baby, whoa
Forever ever babe (Keith Sweat)
That's what I wanna do, I'm gonna love you
Sho nuff baby, yeah

Dearly beloved, we are joined here
Let's celebrate this occasion, girl, you and me for a lifetime, baby
Oh, I'm always gonna be by your side, for the rest of my time
On earth, it's gonna be with you, baby
We got together like a hand and glove, we gon' keep making a lot of good love
Ain't let nobody come between us, tryna tear us apart, no no no no
Oh, we gotta be rocking 'til the wheels fall off
Whenever you get mad at me, I'mma kiss you softly
Every day and every night, baby

Girl, I want you forever (Loving you forever, baby)
And ever (For the rest of your life, my baby)
And ever (Baby, you know I do, yeah girl)
And ever

Girl, I want you forever (Ever uhuhh...)
And ever (HmMMM)
And ever (Cause I just wanna love you, love you)
Girl, I want you forever

I'm at the altar holding back tears
Watching you walk to me, my dear
And you look so beautiful coming down that aisle
I've been waiting for a while to see your pretty smile
When you say, "I do," hmmm

We got together like a hand and glove, girl, we gon' keep making a lot of good love
I ain't let nobody come between us, tryna tear us apart, oh no no no
Girl, we gon' be rocking 'til the wheels fall off
Whenever you get mad at me, I'mma kiss you softly
Every night, girl

Girl, I want you forever (Ever baby)
And ever (Oohhh)
And ever (I'm always gon' love you, baby, for the rest of our life)
And ever

Girl, I want you forever, ya really want me, my baby
And ever
And ever (Forever babe, ever babe)
And ever
Girl, I want you forever

You're the best thing, baby, that has been in my life
And I want to thank you, I owe it all to you

So now I'm on bending knees, asking would you marry me
I don't want nobody else but you, I only want you, baby, yeahhhh

Girl, I want you forever (Yeahhhh)
And ever (Baby baby)
And ever (Ever baby, yeah yeah girl)
I want you forever

Girl, I want you forever (With you by my side)
And ever (I'm gon' love you right, you won't have to worry, baby)
And ever (You ain't gotta worry about one thing, baby)

Girl, I want you forever (Girl, as long as it's you and me)
