

# Fuego

Keith Sweat

Oh (Fuego)  
Oh, oh (hey)  
Oh (Sweat)  
(Hey, hey) oh, oh  
Oh (Akon)  
Esto es pa' las nenas salvajes  
Hey ya, hey  
Pa' to' el mundo

She wants to impress somebody now  
So she movin' through the city with her body out  
She knows how to make ya really feel good  
But won't go without the money now  
Booty too big for her to do run-run  
Wish they could try to pitch to her, but she won't come  
And I can see you watchin' while my money's in the air  
And fallin' down, down, down  
While that body's rollin' 'round, 'round, 'round  
Now my heart is stolen  
I can't take no more  
When you move it up on the floor  
There's only one Latina, wet like Aquafina  
Want to be between ya, so  
(Here we go)

Love ya, love ya body like dinero  
Me encanta como te mueves  
Girl you're so so fire, fuego  
Acércate a mí  
Love ya, love ya body like dinero  
Girl you're so so fire, fuego

I love it when you come around and say, "Baby, let me dance"  
And girl, you got a body that'd bring a freak out of any man  
Got me spendin' all my money  
Throwin' twenties and them hundreds  
But you're somethin' money can't buy  
What you givin' me tonight, I'm your lucky guy  
It must be personal  
Baby give me more and more  
I ain't tryin' to let you go  
But you don't seem to want let me go, oh baby  
You can do it like you wanna do, baby  
Hey, girl, I ain't tryna go crazy  
Baby, work your body just the way I like  
Just let me see you dance

Ella vive en el momento  
A ella le canta, le canta rápido y lento  
Sexo bien violento  
Vente pal' safari, nos volvemos animales

Love ya, love ya body like dinero  
Me encanta como te mueves  
Girl you're so so fire, fuego  
(Baby don't you know I love?)  
Acércate a mí

Love ya, love ya body like dinero  
Girl you're so so fire, fuego

One gyal alone a create pandemonium  
About two grand in yah once me throw down  
Girl you're so perfect just to say the least  
I want you to myself, bear with me please  
Do anything except go on my knees  
I don't want nobody else, you're all that I need, girl  
If me and you a deal, keep it pon the low down  
Anytime me lef' the stage, girl, the show done  
She tell me she single, I do not believe  
Grab on pon my body, no want you fi leave  
Don't want nobody else, you're all that I need  
Those other girls out there, they're not in your league, no  
Quad gyal, nothing no wrong with that  
But a real bad gyal no pay fi come back  
'Mount of time me see where you done chat...  
Pack your things and ready fi cut and haffi tun back  
Because...

Girl, you know I love you  
Love ya, love ya body like dinero  
Me encanta como te mueves  
Girl you're so so fire, fuego  
I said goddamn me  
Love ya, love ya body like dinero  
Girl you're so so fire, fuego  
Bring it back now
