

# Make You Sweat

Keith Sweat

Ooh baby, give it to me now, girl  
Can't nobody give it out  
For me and you, yeah, girl  
I wanna pull down the shades and the lights  
And do what I wanna do to hear it girl

You can tell me now baby  
I can't keep trying to play nice together  
Oh girl before the night is over  
I bet, I bet I can make you sweat

You say no, I say yes  
Girl I bet, I can make you sweat  
You say no, I say yes  
Girl I bet, I can make you sweat

If you let me kiss you here and now  
I'll do anything you want me to  
I wanna drive you wild, baby  
Let me tell you, let me drive you wild, babe

You say no, I say yes  
Girl I bet, I can make you sweat  
You say no, I say yes  
Girl I bet, I can make you sweat

All alone tonight, just me and you  
I wanna do you right  
And baby that's what I wanna do  
Just put your arms in the air  
And I'll kiss you everywhere

You say no, I say yes  
Girl I bet, I can make you sweat  
You say no, I say yes  
Girl I bet, I can make you sweat

Come on baby  
You're doing something to me baby  
You're doing something real to me baby

Yes, ooh yes, I say yes, yes, yes, yes, yes  
Yes, yes, please yes, oh yes, yes, yes, yes, yes, yes

Make you sweat all night long, girl  
Yeah, just you and me, come on  
Just right now, baby, let's do it now  
Come on, come on baby, come on let's do it now  
Right now, baby, you, you, you all night long, girl

You say no, I say yes  
Girl I bet, I can make you sweat
