

Tonight

Keith Sweat

Tonight is the night, girl
(Tonight is the night)
For love
Baby, baby
Oh, yeah girl

It's all about you
Remembering all the things that I want to do to you
It's all about you
Baby, I've got plans
I'm dedicated to you
All of the things that I have in mind to do to you
I've waiting tonight, my love
Waiting, waiting patiently girl, for you love now
You deserve more
More than just one night thing
Maybe more than just one minute babe
You deserve more love
I've been waiting baby to show

'Cause tonight's right
Girl, tonight is your night for love
Baby, baby
Tonight's right
Girl, tonight is your night for love
Baby, baby

You got my undivided attention
Set for me soft, so don't even mention
No excuses, interruptions
It's [?]
If it's your favorite we're gonna get it
Something you're craving
I've been waiting tonight, my love
(Waiting, waiting patiently, baby)
You deserve more
More than gets a dinner and a movie
Your body needs to be caressed
(You deserve more love)
You need now
I'd be giving my love to you

'Cause tonight's right
Girl, tonight is your night for love, baby
Baby, baby
Tonight's right
Girl, tonight is your night for love
Baby, baby

'Cause tonight baby
Tonight is the night for love
Baby, baby
Make you feel good, girl
Tonight is your night for love
You need to come and get it, girl
I know that girl that you've been waiting
Oh baby, yeah baby

End up being so right
Come on, I'll be loving you all night
Oh my baby
You gonna want it baby
You gonna need it baby
Tonight is the night girl
I'll be loving you baby

Make you go up and down (up and down)
Back and forth (oooh yeah)
Left to right (c'mon)
Do it all night
We'll be making go up and down
No make it calm down, ooh baby
Push it on back
I like it I like that
