Nightfalls

Keith Urban

We've been through some hard times
I ain't gonna lie
But I don't wanna think about it
Not with you right here tonight
Who knows if tomorrow is even gonna come
Stay with me and dance until we see the rising sun
We got lights, we got beer
We got everybody here
Take my hand, spin me 'round
All I wanna know right now is are you

Livin' it
Feelin' it, comin' alive
I can't stop
Singin' it
Bringin' it
Leavin' it all behind us
You and me
Are gonna be
Lovin' each other
When the night falls
When the night falls
When the night falls

Something 'bout that summer dress
You're moving in
Has got me thanking all the lucky stars above
That I'm your man
Sinking in the twilight
Barefoot in the stream
Pass it my way
Let the band play
Life is but a dream

We got lights, we got beer
We got everybody here
Take my hand, spin me 'round
All I need to know right now is are you

Livin' it
Feelin' it, comin' alive
I can't stop
Singin' it
Bringin' it
Leavin' it all behind us
You and me
Are gonna be
Lovin' each other
When the night falls
When the night falls
When the night falls

Damn
This life can sometimes
Get me down (oooh, it gets me down)
But there's magic
In the way you lift me up

```
Off the ground
(Hey, you got me)

Livin' it
Feelin' it, comin' alive
I can't stop
Singin' it
Bringin' it
Leavin' it all behind us
You and me
Are gonna be
Drunk on each other
When the night falls

Livin' it
Feelin' it, comin' alive
I can't stop
Singin' it
Bringin' it
Leavin' it all behind us
You and me
Are gonna be
Drunk on each other
When the night falls
When the night falls
When the night falls
When the night falls
When the night falls

So right
You're so fine
You're all mine
```
