

Tonight I Wanna Cry

Keith Urban

G **G/B** **C**
1. Alone in this house again tonight

G **G/B** **C**
I got the TV on, the sound turned down and a bottle of wine

Emi7 **Hmi**
There's pictures of you and I on the walls around me

Emi7 **Hmi**
The way that it was and could have been surrounds me

Ami7 **Cmaj7 D**
I'll never get over you walkin' away

Emi **C** **G** **D**
R: I've never been the kind to ever let my feelings show

Emi **C** **G** **D**
And I thought that bein' strong meant never losin' your self-control

Cmaj7 **Hmi**
But I'm just drunk enough to let go of my pain

Cmaj7 **Hmi**
To hell with my pride, let it fall like rain

Am7
From my eyes

C **G** **G/BC**
Tonight I wanna cry

2. Would it help if I turned a sad song on
"All By Myself" would sure hit me hard now that you're gone
Or maybe unfold some old yellow lost love letters
It's gonna hurt bad before it gets better
But I'll never get over you by hidin' this way

R: I've never been the kind... (2x)
