

Crush Me

Keith Wallen

I'll remember to forget everything you say
In a terrible but cordial kind of way
It's all happening exactly like I've seen it all before
You still walk with me through every darker day
It's taking over
It's getting closer

I don't know
I don't know
I don't know why
Shot with your pistol but I didn't die

Crush me
Crush me
I love the way you hurt me
I love the way you throw me away
Crush me
Oh crush me
I love the way you hurt me
I love the way you throw me away

I would follow you through any raging storm
And a kiss goodbye but no one's there to mourn
No more battle cries
I'll just have to carry it alone
My allegiance I have faithfully sworn

I don't know
I don't know
I don't know why
Shot with your pistol but I didn't die

Crush me
Crush me
I love the way you hurt me
I love the way you throw me away
Crush me
Oh crush me
I love the way you hurt me
I love the way you throw me away

This terrible beautiful wonderful life

I don't know
I don't know
I don't know why you

Crush me
Crush me
Crush me
Crush me
I love the way you hurt me
I love the way you throw me away
Crush me
Oh crush me
Everything goes away
I love the way you hurt me

I love the way you throw me away
Everything goes away
