

Don't Fall Asleep

Keith Wallen

Don't fall asleep
'Cause I feel you slipping under
It's not fair to keep
Trying to hurt each other
Well I guess you got what you wanted
Say a prayer for the dearly departed
Make your peace with god
No matter how fake or flawed

Sometimes life
Sometimes life's not fair
Sometimes I
Sometimes I don't care

Too far to see
Or notice I've gotten older
Hard to believe
This life goes on forever
Well I guess you got what you wanted
Say a prayer for the dearly departed
Make your peace with god
No matter how fake or flawed

Sometimes life
Sometimes life's not fair
Sometimes I
Sometimes I don't care
And nobody's perfect but sometimes
It's like we're not even there
Sometimes I
Sometimes I don't care

I don't care
Don't fall asleep
I don't care
It's not fair to keep
I don't care
Too far to see
I don't care

I don't care
Don't fall asleep
I don't care
It's not fair to keep
I don't care
Too far to see
I don't care

Don't fall asleep
It's not fair to keep
Too far to see
