Fractured

Keith Wallen

Every word you say
I'll remember
You burn it my brain

It's hard to see the signs
I know you'll never
Come to terms with your lies
Open your eyes

Say what you want me to say
You want me to feel
Say what you want me to think
When you disappear and leave
This life fractured

This is what you choose
I know you'll treasure
The product of false fame

It's hard to know your mind
And if you'll ever
Walk the front lines

Say what you want me to say
You want me to feel
Say what you want me to think
When you disappear and leave
This life fractured

You keep this life fractured
