

# Headspace Holiday

Keith Wallen

I woke up lost inside my head  
I feel my dopamine is dead  
Sometimes life is too loud  
I just can't seem to catch a break  
Always the one I love to hate  
I just need a way out

I think I need a headspace holiday  
From every single thought I can't escape  
'Cause I want to forget everything I regret  
I need a headspace holiday  
I don't wanna feel this way

My world is tangled like a web  
I feel I'm hangin' by a thread  
Another face in the crowd  
Am I just waiting for a change  
It all keeps going up in flames  
Let it burn to the ground

I think I need a headspace holiday  
From every single thought I can't escape  
'Cause I want to forget everything I regret  
I need a headspace holiday  
I don't wanna feel this way

I wanna get away

I think I need a headspace holiday  
From every single thought I can't escape  
'Cause I want to forget everything I regret  
I need a headspace holiday  
If I could make it one more day  
I need a headspace holiday  
I don't wanna feel this way
