

# Hello Houston

Keith Wallen

Sometimes I feel like I am lost  
And I don't know if I'll ever make it home  
Home

And I wonder how the stars  
Can make me feel like I am not alone  
I'm not alone  
When I make it to space  
I'll be thinking of you  
Oh, hello Houston are you there?  
Oh I'm fading out into thin air  
And I don't wanna be one of those  
Who don't care  
Oh hello Houston  
Houston are you there?  
And I know that I've been wrong  
And barely holding on  
But no one's too far gone  
When I make it to space, yeah  
I'll be thinking of you  
Oh, hello Houston are you there?  
Oh I'm fading out into thin air  
And I don't wanna be one of those  
Who don't care  
Oh hello Houston  
It's not easy to forgive  
It's not easy to forget  
When every moment that may come  
Could lead us closer to regret  
Sometimes all you need's a friend  
Someone who's with you till the end  
When everybody else gives up  
There's nothing left for us to defend  
Oh, hello Houston are you there?  
Oh I'm fading out into thin air  
And I don't wanna be one of those  
Who don't care  
Oh hello Houston  
Houston are you there?
