

3RD EYE

Keiynan Lonsdale

Eye know that I was awoke
No joke, muphucker evoke
Cause there's a loverland, oh
Meant for us to see I know

Eye heard about it
Eye heard about it
If you ain't heard about it
Now you heard about it
Wake up

Eye know that I was awoke
No joke, muphucker evoke
Cause there's a loverland, oh
Meant for us to see I know

Eye heard about it
Eye heard about it
If you ain't heard about it
Now you heard about it
Wake up

I see you clearly, I see you
Now I see you now
I see you clearly, I see you
Eye heard about it
Eye heard about it
Eye heard about it
Eye heard about it
I see you clearly now
I see you
I see you
I see you
I see you
Now, now, now, now, now, now, now
