

Footworkin

Keke Palmer

I feel that cold wind blow (ready to heat it up)
Late night Chicago Heights (get low)

All my boys on the block stay Jukin (yeah yall know)

were riding the height
and i feel it coming on
footworkin takes you high
wanna know how we do in the chi
when we ride in the height
and i feel it coming on

It ain't no thang just to work it out
(footwork)
Just bring your game show what you about
(footwork)
It ain't no place time to work it out
(footwork)
let yo feet work, let you head jerk
on yo tip toes kicking up dirt with your footwork
footwork and freeze now stomp stir it up stir it up
footwork and freeze now stomp stir it up stir it up

Street lights are coming on (ain't no stopping)
They hopping on the block (still going strong)
I love to see them boys break loose
When the beat drops no i can't stop cause my heart is in the groove
