

I'm Gone / Mini Mogul / Biology

Keke Palmer

Oh oh oh woah oh
I'm gone, I'm gone, I'm gone
I'm gone, I'm gone, I'm gone

I change my number
I don't want you pulling
I drop all for you things don't need for you to physically
Stop wasting calls to friends
Showing up for uninvited
Figure me for one more chance (no oh)

I gotta a call gotta lead you
For just it wouldn't be you tell myself
Shouldn't believe you but I try to believe you and you fell
I refused to play your games
You won't change you stay the same
There's no more me and you
Nothing else that you can do

I'm gone, I'm gone
There's nothing more to say
I'm gone, I'm gone
Got a one way ticket gotta work

Yeah hey oh
Keke and Big G

Now I'm no pilgrim but I found this
I'm the first one to wrap my brain around it
Look in the mirror and say I told you
You looking at the makeup in top of mini mogul (oh oh)

TV, movies, and commercials
You sleep on grinding and rehearsals
Wake up headed like I'ma fold you
Cause daddy cared cause I'm a mini mogul

You see a star from the set keep forever get a check
Got a plan for the future now
Cause what my mom and my pops tell me how to play chess
Now the world's my playground
Be a miss 15, 16
Don't try to play me a girl gets down
Got the wisdom not just the teeth
If you feeling like me then you know you a chief playing

They aren't trying to hear me
I'm gonna make you hear me
I'm a mini mogul
I'ma play the ball peeking out the car
I'm a mini mogul (play the ball)
Play a double touch
Don't tell me that trees monkey balls and such
Set me up with a chick like me
It's undefeated please believe
I'm a mini m.o.g.u.l
Sing it with like they can sound

M.o.g.u.l that's me I'm a mini mogul

(And now this) no secret I'm a genius (yes)
I'm the first to discover my greatness
Going to take this but don't mistakes this
For a cheap poly trick no magician

He can pull something spectacular
Out of hat molecular of the high time
Yes I'm the one
They try to clock me
I stole my energy sent somebody on the back of your barbarity

You see a star from the set keep forever get a check
Got a plan for the future now
Cause what my mom and my pops tell me how to play chess
Now the world's my playground
Be a miss 15, 16
Don't try to play me a girl gets down
Got the wisdom not just the teeth
If you feeling like me then you know you a chief playing

They aren't trying to hear me
I'm gonna make you hear me
I'm a mini mogul
I'ma play the ball peeking out the car
I'm a mini mogul (play the ball)
Play a double touch
Don't tell me that trees monkey balls and such
Set me up with a chick like me
It's undefeated please believe
I'm a mini m.o.g.u.l (hey)
Sing it with like they can sound (oh)
M.o.g.u.l (oh) that's me I'm a mini mogul
That's me if oh woah

See you like biology
See my art and you wanna get a peak
Say a girl gotta show match up on the flow
But you wanna use a phone like ring, ring
You see I'm rare like at 15
Keep coming like my lips are 15
If you just play cool maybe I'll sign in
But you gotta keep it cool to munch me

I want you more
If you didn't left me summers
I bet you don't attract me
But your personality don't expired me
Now let me follow me
