

This Time

Keke Palmer

It's been a real long year
It's been a lot going on since the things have gone wrong
So much for me to do
And now that I can see clear, I can start a brand new
Have few school friends, this time things are gon' be different
Silence no way, I'm not giving up that easy
No more feeling all alone
I am strong here on my own
I would take this as my chance to be me

This time, nobody's gonna stop me
This time, I'm finally free
This time, from my head to my toes
From my mind to my soul
I'm letting you know
This time, I'm onto myself
This time, and I want you to know
I'm letting the past stay behind
And it's gonna be fine this time
This time
Uuh uh uh
This time

There's been too many times
I've stood for anyone else, but not for myself
No one really understood
All the things I went through
As I was living for you

Have few school friends, this time things are gon' be different
Silence no way, I'm not giving up that easy
No more feeling all alone
I am strong here on my own
I would take this as my one chance to be me

This time, nobody's gonna stop me
This time, I'm finally free
This time, from my head to my toes
From my mind to my soul
I'm letting you know
This time, I'm onto myself
This time, and I want you to know
I'm letting the past stay behind
And it's gonna be fine this time

Cause you don't have to be alone
Just pick up the phone
And call me, I'll be there
Whenever you need me
Say ooh-oh oh oh oh

This time, nobody's gonna stop me
This time, I'm finally free
This time, from my head to my toes
From my mind to my soul
I'm letting you know
This time, I'm onto myself

This time, and I want you to know
I'm letting the past stay behind
And it's gonna be fine this time

This time, nobody's gonna stop me
This time, I'm finally free
This time, from my head to my toes
From my mind to my soul
I'm letting you know
This time, I'm onto myself
This time, and I want you to know
I'm letting the past stay behind
And it's gonna be fine this time
