

24 Hours

KeKe Wyatt

I'm calling your cellphone
You ain't picking up no more
I'm calling the house now
And you ain't even around

What am I supposed to do?
I'm trying to get a hold of you
Feel like you're pushing me away
And I don't know what to say

But if you want me to move on
I will, boy, I will
And if you want me to move on
I will, I will

But baby, I'm gone, I'm gone
24 hours and I ain't coming home
Baby, I'm gone, I'm gone
'Cause in 24 hours, boy, I ain't coming home
Ain't coming home

Sitting at the office
Handling our business
Looking at the time fly
Trying to find the reason why

You didn't answer my call
You didn't return my text
Baby, what's going on
I don't know what to say

But if you want me to move on
I will, boy, I will
And if you want me to move on
I will, I will

But baby, I'm gone, I'm gone
24 hours and I ain't coming home
Baby, I'm gone, I'm gone
'Cause in 24 hours, boy, I ain't coming home
Ain't coming home

You said you would
Love me forever
Where did you go?
Tell me, where'd you go

Baby, you said
That you would be there
Now you are gone
Now you are gone

I'm gone, I'm gone
24 hours and I ain't coming home
Baby, I'm gone, I'm gone
'Cause in 24 hours, boy, I ain't coming home
Ain't coming home
