Usually  
I would never speak  
About how I've been fiending for  
Something that I need  
But tonight I've been

Outside  
Sipping on my wine  
I feel it in my thighs  
This will make doves cry  
So cancel all your plans  
Imma need a man  
Grab me with both your hands  
Baby, it's on sight

So I hope that you ain't scared to wet the bed up  
We gon' turn this to a slip n slide  
Baby, I'm certified  
Don't be afraid to wake the kids up  
I got this pillow here that I can bite  
You know that I'm satisfied  
I'm a freak, you know I'm a freak  
Baby, I'm a freak  
Baby, I'm certified  
I'm a freak, you know I'm a freak  
Baby, I'm a freak  
You know that I'm certified

Hold on, why you got your clothes on  
I'll put a show on  
Ain't too proud to swallow my pride  
Baby, don't have me waiting too long  
If we don't make it home  
We gon' end up on sight

Outside  
Sipping on my wine  
I feel it in my thighs  
This will make doves cry  
So cancel all your plans  
Imma need a man  
Grab me with both your hands
