I got the money
The lady swag
Check out my shoes
Don't match my Gucci bag
I am the honey
Got different cars
Got different houses
See, I'm a star

I'm getting it
I'm getting it
I'm getting it
I'm getting it
Hey, hey
Hey, hey

Looking at my Gucci, it's about that time
(Put your drinks in the air if you know you a dime)
Where all my lady go-getters?
Getting them figures
Got it on your own
Don't need no niggas

I'm getting it
I'm getting it
I'm getting it
I'm getting it
Don't need nobody, got my own damn lane
Might take a couple stacks
Throw it up and make it rain

I got the money
The lady swag
Check out my shoes
Don't match my Gucci bag
I am the honey
Got different cars
Got different houses
See, I'm a star

I'm getting it
I'm getting it
I'm getting it
I'm getting it
Hey, hey
Hey, hey

Listen, I'mma show you how to do this, ma

(All of the fellas chasing me, 'cause they know I'm a star)
They throwing pictures to open up the door on my car
Me and my ladies hit the spot
But they know who we are

I'm getting it
I'm getting it
I'm getting it
I'm getting it
You need to get it straight
My name is Keke
More than the girl that sing with A-B, yeah

I got the money
The lady swag
Check out my shoes
Don't match my Gucci bag
I am the honey
Got different cars
Got different houses
See, I'm a star

I'm getting it

Lil' mama, go hard
Got me putting on 750
Yeah, I like it, with the Gucci rag on
Yeah, I get it how I live it
I put my swag on
Yeah, I'm looking for a winner
I love a yellow bong
And she strutting like a model
Busting bands on me
Yeah, I hate to see her go
I love to watch her leave
See, I'm in there popping bottles
And blowing kush, weed
Feeling like I struck the lotto
And drinks on me, hey!

I'm getting it
I'm getting it
I'm getting it
I'm getting it
Hey, hey
Hey, hey
