

# If I Had You

KeKe Wyatt

Let's both pretend like  
It's an ordinary day  
And our love is still the same

Let's both pretend like  
All the wrong things we would say  
We were just playing

'Cause I don't remember  
(Alone) What it feels like  
And I don't really want to know  
What without you would be like

'Cause if I had you  
Then I'll have everything I need  
If I have you, you, baby  
Then I'm living a dream

And that you can know, know, know  
I don't care what we go through, no  
If I had you, baby  
Then I'm living a dream

Let's both pretend like  
Our hearts are in the same place  
We believe that we can make it

Let's just pretend like  
We're going through changes  
We've gotta make it

'Cause I don't remember  
(Alone) What it feels like  
And I don't really want to know  
What without you would be like

'Cause if I had you  
Then I'll have everything I need  
If I have you, you, baby  
Then I'm living a dream

And that you can know, know, know  
I don't care what we go through, no  
If I had you, baby  
Then I'm living a dream
