

It's Reigning

KeKe Wyatt

Standing in the room
Looking out the window
Searching for me
I'm already standing here

What you looking for?
I would never leave
I'm coming to your rescue
Don't you know that...

I'll be there through it all
I won't let you fall
It's reigning
It's reigning

Tell me about the dream
The dream you had about me
If you're thinking that I'm going away
I'm not going nowhere...

I'll be there through it all
I won't let you fall
It's reigning
It's reigning

It's reigning
It's reigning
It's reigning
It's reigning
