

## On Repeat

KeKe Wyatt

On, baby, on  
On, baby, on  
On, baby, on  
On, baby, on

I love when you pull up  
In your black truck  
Baby, I've been waiting on you  
Pictures ain't enough  
Your loving got me stuck  
We're ready and I gotta feel you

I want another taste  
And then another taste  
Soon as we hit the door  
Lay me down, babe

I need your loving bad  
I'm trying to feel it, baby  
It's so bad  
I know we're about to kill it, kill it

On, on, on, on  
I know you feel it  
On, on, on, on  
We're gonna kill it

Last night is on repeat  
And it's playing in my head  
Like a broken video

What you do to me  
I can still feel our love  
Beating through the stereo

Not a minute wasted with you  
In my mind 'cause...  
Last night is on repeat, repeat  
Night is on repeat

So we're gonna leave it on  
Baby, baby, on, baby, baby  
I can turn it off  
Baby, baby, no, baby, baby  
I can keep it on  
Baby, baby, on, baby, baby  
I can turn it off  
Baby, baby, off, baby, baby

Remember when we started in the bed  
We took it downstairs  
And we ain't really care  
We could get it anywhere

Ended up on the couter  
For about an hour  
And hit the shower

Then we start all over again

On, on, on, on  
I know you feel it  
On, on, on, on  
We're gonna kill it

Last night is on repeat  
And it's playing in my head  
Like a broken video

What you do to me  
I can still feel our love  
Beating through the stereo

Not a minute wasted with you  
In my mind 'cause...  
Last night is on repeat, repeat  
Night is on repeat

On, baby, on  
On, baby, on  
On, baby, on  
On, baby, on

Last night is on repeat  
And it's playing in my head  
Like a broken video

What you do to me  
I can still feel our love  
Beating through the stereo

Not a minute wasted with you  
In my mind 'cause...  
Last night is on repeat, repeat  
Night is on repeat

So we're gonna leave it on  
Baby, baby, on, baby, baby  
I can turn it off  
Baby, baby, no, baby, baby  
I can keep it on  
Baby, baby, on, baby, baby  
I can turn it off  
Baby, baby, off, baby, baby
