Show up, show up
Show up, show up

We had a fight (show up, show up)
'Til like three in the morning (show up, show up)
We could be petty (show up, show up)
And keep it growing, and growing, and growing
And we can get naked
And practice making a baby (show up, show up)
Ooh-yeah (show up, show up)

Yeah, yeah (show up, show up)
I've got some thoughts (show up, show up)
Running across my mind (show up, show up)
A bunch of fantasies (show up, show up)
Make them reality

I only open my thighs
I only open my thighs, thighs for you (show up, show up)

Said, I might not be right (show up, show up)
But don't tell me, I'm wrong (show up, show up)
'Cause the only way to stop this fight (show up, show up)
Is by turning you on
Don't tell me, maybe
Let's practice making a baby
Ooh-yeah (show up, show up)

Oh, I've got some thoughts (show up, show up)
Running across my mind (show up, show up)
A bunch of fantasies (show up, show up)
Make them reality

I only open my thighs
I only open my thighs, thighs for you (show up, show up)
(Tell me what you got, girl)

When you mad (when you mad), when you're angry (when you're angry)
Say, you want me, nigga, please you still want me
Now, what we ain't gon' do is leave me horny
We can finish fight in the morning

'Cause I really opened my thighs
I only open my thighs, thighs for you
