

Coasting

Kele

Falling into you
It's a Saturday night when I'm with you
Coasting, keep it true
Yeah, I like it, yeah, I'm into you
See, you're, you're kinda cute
Got me wondering, got me through and through
And through, ooh

Instant chemistry
Such a spiritual feeling inside of me
It's all good, it's all free
Anything you want, child, anything, it's on me
Say you, you feel it too
Got me circling, got me through and through
And through

[Chorus:]

Yeah, we're gonna take, take, take it slow
Cause it's love that's taking hold
Yeah, we're gonna take, take, take it
Slow
Find it, save it, hold it, shape it
Find it, face it, you know I'm feeling you, ooh, ooh

Falling into you
It's a Saturday night when I'm with you
Coasting, keep it true
Yeah, I like it, yeah, I'm into you
See, you're, you're kinda cute
Got me wondering, got me through and through
And through, ooh

[Chorus x2]
