

## Year Zero

Kele

I came to you  
Full of truth  
An open heart  
Just for you  
I came to you  
Full of truth  
Do anything  
You'd ask me to

It's not enough, no, no, no, no  
It's not enough

See, I don't wanna know  
All the boys you've ever known  
Or the hearts you might've broke, it's zero  
It's zero, this is our year zero

Usually  
Love lets me down  
No one like you  
Sticks around  
So wrap your arms  
Around my waist  
And put your kisses, babe  
Upon my face
