

You Belong To Someone Else

Kele

I hear your voice like thunder,
And to me in your eyes,
I'm full aware you holding me,
Won't let me go.
I've seen you in my daydreams,
I've seen you in the clouds,
Cus you're the first word on my lips,
I think you're great.

How did you come to trick me,
A stutter and a smile,
I told myself I'm smarter,
Smarter than this.
I didn't think I'd miss you,
When you left my room,
I'm counting down the days til I see you.

I hear your voice like thunder,
And to me in your eyes,
I'm full aware you're holding me,
Won't let me go.
I've seen you in my daydreams,
I've seen you in the clouds,
Cus you're the first word on my lips,

You said the taxis looked like sharks
And the grey town buses in the waves
I squeeze the inside of your hand
This is happiness at last.
I let you in
But I can't let you out,
The silent spark every time we touch
I sweep the hair out of your eyes
This is love.

(You belong to someone else
You belong to someone else
You belong to someone else
You belong to someone else)
