

# Frontline

Kelela

There's a place you hold I left behind, I'm finished  
Since you took your time, you should know why I'm quitting

The secrets I hide, I do nothing  
You'll always deny we're going in circles  
But I'll override  
Could be winter but I burn inside  
In the back of my mind, I hear nothing  
Keep this feeling alive, I feel nothing now  
Then I'm in my ride  
Anything I left behind don't mean nothing now

Can't take it back even though you wish I could  
If you think I'm going back, you misunderstood  
You cry and talk about it, baby, but it ain't no use  
See you wasn't lucky when I pushed  
Hold on, wait, you're fucking with my groove  
Gettin' on this plane, making moves  
Cry and talk about it, baby, but it ain't no use  
I ain't gonna sit here with your blues

If it ain't your life, I don't know how to live it  
And it broke me down, I almost drowned  
It's not the ending, it's not the ending

The secrets I hide, I do nothing  
You'll always deny that we're going in circles  
But I'll override  
Could be winter but I burn inside  
In the back of my mind, I hear nothing  
Keep this feeling alive, I feel nothing now  
It's a race against time when you're on the frontline

Can't take it back even though you wish I could  
If you think I'm going back, you misunderstood  
You cry and talk about it, baby, but it ain't no use  
See you wasn't lucky when I pushed  
Hold away, you fucking with my groove  
Gettin' on this plane, making moves  
Cry and talk about it, baby, but it ain't no use  
I ain't gonna sit here with your rules

I'll tell you what, there's no luck, it's all me  
I'm staying up, don't wait up 'cause they're betting on me  
Coming up with the sun around me  
Fire me up, now I'm up and I won't be taken  
Down on my luck, tell you what, it's all me  
I'm staying up, don't wait up 'cause they're betting on me  
Coming up with the sun around me  
Fire me up, now I'm up and there's no coming down

Can't take it back even though you wish I could  
If you think I'm going back, you misunderstood  
You cry and talk about it, baby, but it ain't no use  
See you wasn't lucky when I pushed  
Hold away, you fucking with my groove  
Gettin' on this plane, making moves

Cry and talk about it, baby, but it ain't no use  
I ain't gonna sit here with your blues

Why are you testing me?  
No, no, no, I'm not the one  
Why are you testing me?  
No, no, no, I'm not the one  
Why are you testing me?  
No, no, I'm not the one  
Why are you testing me?  
No, no, no, I couldn't wait for you  
I couldn't wait for you  
I couldn't wait for you
