Kelela

A promise we made to do it our way  
We're not in a race, you're running away  
Tomorrow we break, it's like an earthquake  
And then we go 'round  
Got nothin' to say, you open my heart  
We leave it behind just to bring it on back  
It's not a breakup, it's just a breakdown  
We're spinning around

Ain't nothing wrong  
We go on and on and on  
On and on and on and on  
When I know, and I know, and I know we argue all the time  
We go on and on and on  
We go on and on

You don't know why you always react  
I don't know why I always fight back  
There's a second in time when the shit hits the fan  
We get thrown and lose track  
You don't know why you always react  
I don't know why I always fight back  
We go on and on and on
