Cobbler

Kelis

When you walk in the door
You smell just like the sun
Give you everything you want
'Cause baby you're the one
Your bright eyes on your face
I gotta stop I'm runnin' late
But it's time I tell my friends
Being with you just feels so great

Ooh lately, you got this feeling like a holiday
Ooh baby, here in your arms is like a getaway
Ooh lately, you got this feeling like a holiday
Ooh baby, here in your arms is like a getaway

You're the best I've ever done
Like a winner like I won. I couldn't love you more
If I tried I'd go for tons. I used to say I run
But for this I know I'll stay
'Cause for real it's the look on your face
Every time you say my name

(Ooh lately, you got this feeling like a holiday)
(Ooh baby, here in your arms is like a getaway
Getaway)
Ooh lately, you got this feeling like a holiday
Ooh baby, here in your arms is like a getaway
Ooh lately, you got this feeling like a holiday
Ooh baby, here in your arms is like a getaway

You make me hit notes that I never sing
(She never sings) (Sings these notes)

Ooh lately, you got this feeling like a holiday
Ooh baby, here in your arms is like a getaway
Ooh lately, you got this feeling like a holiday
Ooh baby, here in your arms is like a getaway
